**S128 Game Creek Pump station Upgrade**  
**Addendum No. 4**  
**Page Two**

This Addendum forms a part of the contract documents and **modifies** the original Bid documents as noted below:

**Question:** We are questioning the Section 1.6 B Warranties and Bonds-  
The spec now reads - The manufacturer shall warrant the media for a period of ten years, including full replacement costs, including but not limited to labor, equipment rentals and compensation for owner's loss of operation, from the date of substantial completion, provided the system is operated in accordance with the printed manufacturer's O&M manual.

Purafil does not have a warranty on media as the expenditure of media is dependent on the H2S levels and other gases. The media will be pre-determined by the initial test before installation, however no manufacturer will warrant their media for a period of ten years as stated in the specification. The 10 year warranty is for a Bio Filter System and not the dry media you have specified.

**Response:** Disregard the 10 year warranty portion regarding Odor Control Media only. The requested Odor Control is for a carbon based system.
